

SAY!

(By CHARLES J. ARNOLD)

You know I told you I was going to the State Fair yesterday. Well, I did. And believe me or not just as you prefer, it is some fair, from a standpoint of both dust and crowd. I breathed dust, ate dust and absorbed dust; was stepped on and did a little stepping on myself. Beside that I stood in line for half an hour to get something to eat and then in desperation, gave up any thought of ever getting the "best dinner on the lot" and sought hunger appeasement in hot dogs and peanuts. During the remainder of the day I took in and was taken in by the sights of the fair, including everything from the needle work display to the Grand Circuit races in the former class and everything from the midjet show to the Rodeo Show in the "was took in" classification. My "doggies" certainly enjoyed the horse races while there I sat. You notice I say "sat", for it is possible to sit in the grand stand during the races if you are strong and powerful enough to crush down opposition in securing the seat to which you aspire. Following the close of the race program, my boy Joe Jim, who had served as escort during the day, and I took a straw vote on the question of going home or staying to the night show. Only two votes were cast and each was for going home and so I smothered my desire to stay over for the evening events and agreed to come on back to Greencastle. At that a good time was "had by all."

Among others from Greencastle, present were O. J. Rector, Howard Harris and "Von" O'Daniels, who are always to be found hovering around the horse barns during a State Fair. Each wore the conventional dust covered clothing and commented on the big crowd attending the Fair.

Not mentioning any names, I want to say that if that big "bruiser" going by the name of Jacob Hirt, who is in charge of the "two-handed" automobile department of the Moffett & Dobbs Buick agency, ever again takes a big "Smith" picture off my automobile and replaces it with one bearing the likeness of that "foreigner" Hoover, the Moffett & Dobbs firm will have to secure another used car department head and the Republican poll is going to show one vote less this fall. And that stands. But I would like to have my Smith sign back, please mister.

Only a few more days until the annual Putnam County Fair. So slick up your pumpkins and get the old cow ready to show.

I am not going to say another thing about D. B. Johnson's "Subterranean Palace of Sweets" at the corner of Seminary and College Avenue. From here on out, I am going to let it speak for itself—and I believe it is loud enough to do that and do it successfully.

ISN'T IT FUNNY

That so many
Business men
Will get up in the morning—
Refresh themselves with a dose of
advertisements
Clean their teeth with an advertised
tooth paste,
Shave with an advertised razor,
Wash and shave with advertised
soaps,
Put on advertised underwear,
Advertised hose, garters, shirts,
collar and shoes,
Seat themselves at the table
And eat advertised breakfast food
and bread,
Drink advertised coffee, tea or cocoa,
Light an advertised cigarette with
an advertised match,
Come down to work in an advertised

Give letters to a typist who types
on an advertised machine,
Using advertised carbons,
Sign their letters with an advertised

WOMAN REVEALS GHASTLY SLAYING

BRAZIL MAN DISAPPEARS

BRAZIL, Ind., Sept. 6.—(INS)—Police today have been unable to find any clue to the whereabouts of Bert Chesterfield, 35, clay worker who disappeared in his working clothes yesterday.

Chesterfield left his truck standing in a factory yard and without drawing his two week's pay was seen to walk away.

He has a wife and five children who are very much worried about him.

CITY SCHOOLS WILL BEGIN NEXT MONDAY

SUPERINTENDENT WARREN J. YOUNT ISSUES STATEMENT FOR INFORMATION OF PUBLIC—LAST MINUTE INSTRUCTIONS TO BE GIVEN TEACHERS AND TRUCK DRIVERS FRIDAY

The Greencastle Public Schools will begin Monday morning at 8:30 o'clock and last minute preparations are being made by Superintendent Warren J. Yount in order that everything may be in readiness.

Superintendent Yount has given out the following information for the benefit of pupils and parents: All grade pupils are to report at their respective buildings except those pupils who go to the Second Ward. All beginning pupils who would attend Second Ward are to report at the Third Ward building where they will be taken care of until the Second Ward building is completed. All the remainder of the Second Ward pupils will report at the old gymnasium at the High School building and are asked to use the entrance on Locust street.

All children who will be 6 years old by November 1 are entitled to enter school this fall. Parents of beginners or someone representing the parents are welcome to come with the children the first day of school.

Pupils of Grades 10, 11 and 12 of the High School are to report Monday morning at 8:30 o'clock at the high school auditorium. They will be given opening instructions and book lists. Pupils of Grades 10, 11 and 12 will then be requested to go to the bookstores immediately following dismissal Monday morning and purchase their books before noon in order that the book stores may have the afternoon for selling books to grade children and High School freshmen.

First year High School pupils will report at the High School building in study hall number 6 at 10 o'clock where they will be organized and classes assigned.

Trucks will leave the school buildings at 12:15 Monday and will not return until Tuesday morning. Provisions will be made for children who have to go home on the trucks to buy their books Tuesday morning if their parents are unable to get them Monday afternoon.

Grade principals of all the schools met with the superintendent Friday morning and organization plans were completed.

Truck drivers will meet with the superintendent Friday evening at 7 o'clock and receive instructions and plans relative to their work.

Letters have been sent to all the teachers requesting them to be present at a general meeting to be held Saturday morning. Immediately following the meeting teachers will go with their respective principals for organization purposes at their buildings.

LESLIE HOME COMING

LAFAYETTE, Ind., Sept. 7.—(INS)—Oratorical big guns will boom at the Leslie Home-Coming Day celebration to be held here on Sept. 15 in honor of Harry G. Leslie, local citizen who is the Republican nominee for Governor.

In addition to Leslie, United States Senator James E. Watson and Chase Osborn, former Governor of Michigan who like Leslie lived in Lafayette and attended Purdue University, will speak.

LAST DAY TO MOVE OUT OF THE TOWNSHIP

VOTERS WHO MOVE AFTER TODAY WILL LOSE THEIR VOTE IN FALL ELECTION

Today is the last day voters may move from one township to another without losing their votes in the general election November 6. According to the election laws a voter must be a resident of the state six months, of the township sixty days and of the precinct thirty days.

October 6 will be the last day to move from one precinct to another.

Voters must appear personally at the polls this year to vote as the absent voters law has been repealed. No registration is required.

"Andy" Anderson, former DePauw athlete, who has been playing baseball in the East this season, is here for a visit with Greencastle friends.

HARVE HIMES DRIVES TRUCK INTO FREIGHT TRAIN; IS INJURED

Harve Himes, local truck driver, suffered painful injuries early Thursday morning when he drove his truck into the side of a northbound Monon freight train at the crossing one mile south of town. Himes was cut about his head and arms. He was brought to the office of Doctor Collins where medical aid was rendered and stitches taken to close the wounds.

He was riding alone, driving towards Roachdale, at the time of the crash. The large truck was badly damaged.—Roachdale News.

LOCAL GIRL WINS A TRIP TO CHICAGO

NINE INDIANA 4-H CLUB GIRLS WIN SPECIAL AWARDS AT INDIANA STATE FAIR—ANTHUS HUNTER TO ATTEND 4-H CLUB CONGRESS

Outstanding Hoosier 4-H Club girls in canning, baking and clothing were given recognition Thursday afternoon at the Indiana state fair when Miss May Masten and Miss Neva Stephenson, assistant state club leaders of Purdue university, announced the award of nine special trips to the 4-H Club congress at the time of the international live stock exposition in

ANTHUS HUNTER

Chicago.

Awards were made to the girls on the basis of their records as state fair exhibitors, their record book reports of their projects and their years of membership and participation in 4-H Club activities.

Five trips to the girl clothing queens of the state went to Marion Fink of Jasper, Nondie Jackson of Selma, Geneva Mossier of Martinsville, Leslie Smith of Freedom and Mary Alice Jay of Indianapolis.

Joanita Burd of Manilla, was chosen for the trip in the canning project, along with Mary Davidson of Crawfordsville. The two awards in baking went to Charlotte Oliver of Crawfordsville and Anthus Hunter of Greencastle.

Mr. and Mrs. Oscar Thomas entertained the Putnam County trustees at a 12 o'clock dinner today.

Miss Bernadine Ward and sister spent yesterday in Chicago.

Miss Nora Alsbaugh left yesterday for Brazil where she will teach German in the High School.

Dr. A. E. Ayler is moving into his new office building at the corner of College avenue and Washington streets.

EARL ROWLAND STILL LEADS IN NAT'L. AIR DERBY

HOPOFF FROM KANSAS CITY DELAYED ONE HOUR BY INCLEMENT WEATHER—SEVERAL FLIERS DELAYED

OIL LINE ON PLANE IS CUT

Los Angeles Flier Forced Out By Act Of Vandalism—Start Of Class "B" Planes Postponed

OKLAHOMA CITY, Okla., Sept. 7.—(INS)—Earl Rowland, in his Cessna monoplane, landed here today at 10:47 a. m., still leading Class A planes in the National Air Derby.

ROOSEVELT FIELD, N. Y., Sept. 7.—(INS)—A heavy "sea soup" fog over the eastern states today forced a postponement of the take-off for Class B and Class C entries in the trans-continental Air Derby to Los Angeles.

Even the air mail fliers quit for the day in the territory east of Middletown, Pa., and word came to Roosevelt Field, that the fog was worse than the mist blanket that caused the death of "Merry" Merrill about a week ago.

RICHARDS AIRPORT, KANSAS CITY, Mo., Sept. 7.—(INS)—Exactly an hour after the scheduled takeoff Earl Rowland, Wichita, zoomed away for his home town in his Cessna monoplane at 7 a. m.

The start scheduled for 6 o'clock, was delayed by reports of cloudy and stormy weather in the near southwest.

Rowland, leading the Class A planes in the National Air Derby, was followed one minute later by Robert Dake, Pittsburgh, piloting an American moth.

Weather reports from Wichita, first scheduled stop in today's flight to Fort Worth, Texas, indicated the weather was somewhat clearer.

After Rowland and Dake got away there was some delay as pilot after pilot reported he was not ready to take the air.

At 7:10 S. J. Wittman, Byron, Wis., in a Pheasant took the air, followed at one minute intervals Arthur W. Killips and Ralph Haynes, Lyons, Ill., in a Waco plane and John E. Carberry, Toronto, Canada, in a Dehaviland Moth.

RICHARDS AIRFIELD, KANSAS CITY, Mo., Sept. 7.—(INS)—Leslie C. Miller, of Los Angeles, was put out of the Air Derby, temporarily at least, when it was discovered today the oil line pipe of his Lincoln-Page engine had been cut.

Miller is at loss to account for the act. He and his mechanics worked on the motor far into the night. Aviation experts declared there was no doubt the pipe, of soft copper, had been cut as the ends of the break were pinched together as though severed with a pair of pliers.

ROOSEVELT FIELD, N. Y., Sept. 7.—(INS)—Unfavorable weather conditions in the Alleghany mountains caused a temporary postponement of the start of Class B. planes in the National Air Derby today.

VIRGIL GRIMES, IDA M'ATEE ARE MARRIED

A telegram from Virgil Grimes Friday announced that he was married at the Meridian Street Methodist Church in Indianapolis Thursday afternoon by Dr. Virgil E. Rorer.

PICTURE OF MISS BURRIS ADORN'S FIRST PAGE OF STAR

A picture of Miss Christine Burris, daughter of Mr. and Mrs. J. B. Burris, of Cloverdale, adjudged one of the "best of cooks" at the Indiana State Fair home economics classes, with ten other excellent Indiana girl cooks, adorned the first page of the Indianapolis Star, Friday.

Miss Burris was one of five girls rating the honor class and will return to the 1929 home economics classes. Her father is known over the state as the first captain of a Purdue University football team.

CONFUSION OVER TAX FERRET APPROPRIATION

SUM OF \$10,000 WILL NOT COME OUT OF TAXPAYERS' MONEY—FERRET COLLECTS \$6,892.98 SINCE DECEMBER, RECORDS SHOW

Owing to confusion and misunderstanding, resulting from an appropriation of \$10,000 by the county council, for the employment of a tax ferret next year, County Auditor W. E. Gill has given out information showing that this sum of money is not raised by taxation, but comes from the hidden taxes discovered and collected by the tax ferret.

Mr. Gill explained that the county commissioners cannot allow any claim unless an appropriation by the county council has created a fund out of which to pay the claim. A tax ferret is allowed approximately 30 percent of the sequestered taxes he collects. However, unless an appropriation has been made out of which to pay the tax ferret his percentage, the commissioners could not allow the ferret any money for his work.

Sequestered taxes uncovered and collected by a tax ferret goes into the county general fund. The ferret then is paid his percent of the taxes collected, out of a special fund appropriated for this purpose.

For instance, since December a total of \$6,892.98 in hidden taxes has been collected by a tax ferret now in the employ of the county. The tax ferret was paid \$1,995.96 for this work, his pay coming out of a special fund appropriated for this purpose.

When it is considered that without the services of a tax ferret, the entire sum of \$6,892.98 would have been lost to the county, the relative sum paid the ferret is small.

In other words unless a tax ferret uncovers hidden taxes and collects the same, he is allowed no money at all.

ACQUITTED AS PEEPER

BLOOMINGTON, Ind., Sept. 6.—Noah Fisher of Lafayette, Monon engineer, was acquitted in Police court here today of attempting to peep in a residence on south Washington street early Monday morning when he was arrested by two night watchmen as he was masquerading in women's clothes.

WILL IMPROVE SEWER SYSTEM

Plans have been made by the City officials to improve the sewer system on east Washington street between Locust street and Bloomington street. A 24 inch tile will be laid through the driveway at the home of Miss Virginia Black, and which will carry the excess water from rains, to Franklin street. In the past, after a heavy rain the water from the surrounding streets came down Washington and backed upon the lawn of the residents due to the fact that the sewer was not large enough to carry it away. This often proved a real menace to the property owners as basements were often filled with water. Permission has been secured from Miss Black to lay the tile and it is hoped that the work will be started soon in order to be ready for the fall rains.

GRAND JURY WILL PROBE MURDER CASE

CHARLES (BLINKY) BEASLEY, OF TERRE HAUTE, PETTED PRETTY MRS. MYRTLE MILLER BEFORE HE KILLED HER, CHARGE

MRS. IRENE MOYER CONFESSES

Occupied Front Seat Of Murder Car—Authorities Withhold Details Of Sordid Slaying

NEWCASTLE, Ind., Sept. 7.—(INS)—How Charles (Blinky) Beasley, 38-year old Terre Haute and Chicago gunman, was alleged to have petted and hugged pretty Mrs. Myrtle Miller, 36-year-old Muncie divorcee, in the rear seat of a stolen Chicago sedan, before he mashed her head in with his .38 caliber revolver to rob her of \$400 worth of diamond jewelry, will be related to the Henry County grand jury next Monday.

The sordid story will come from the lips of Mrs. Irene Moyer, 23, of Terre Haute, who in a signed confession to Prosecutor Paul Benson revealed after hours of grilling that she sat in the front seat of the automobile with Charles Patterson, another alleged Chicago gunman, now a fugitive, while the murder was being enacted on a lonely highway near here on Friday night, August 31.

Mrs. Miller's mutilated body was found Saturday morning, September 1 in a ditch along a side road, about two miles northeast of Newcastle.

"Beasley and Patterson told me I 'squealed' I would be next," Mrs. Moyer sobbed as she recalled the tragic events of Friday night.

As soon as word of the confession reached Circuit Judge J. Rufus Hinshaw, the judge issued a summons for a special session of the Henry County grand jury for Monday, September 10 for the probing of the Miller slaying.

Meanwhile preparations were made at Muncie to remove Beasley to the local jail. Authorities of both counties, however maintained close secrecy over these preparations because of the crowd that constantly thronged about the Henry County courthouse today.

Prosecutor Benson also said that a search was being conducted in all Terre Haute pawnshops for the jewelry jerked from Mrs. Miller's body.

After the killing of Mrs. Miller, Beasley, Patterson and Mrs. Moyer drove into Newcastle and Beasley stopped Patrolman Gid McGraw here and asked him for directions to Louisville, Ky., Mrs. Moyer stated.

Mrs. Moyer in her confession said that after Mrs. Miller's death groans had ceased, Beasley jerked off Mrs. Miller's diamond ear rings, tearing the lobes of Mrs. Miller's ears. He also tore off Mrs. Miller's diamond ring, lacerating the flesh.

Because of the ghastly details revealed in Mrs. Moyer's confession Prosecutor Benson refused to permit newspapermen to read the entire confession.

Mrs. Moyer's confession was made to Prosecutor Benson in the presence of Sheriff Elmer Cannon, and Detectives Wilbur Cunningham, Don Sipe and W. H. Everson, of the Muncie police department, after a seven hour grilling at the Henry County courthouse, after the entire party had visited the scenes of the slaying.

After obtaining the confession, Detectives Cunningham whose keen analysis of clues in the case led him to Terre Haute where on Monday night he arrested Beasley and Mrs. Moyer at the Moyer home, expressed his belief that the prompt arrival of the officers at the Moyer home Monday night saved Mrs. Moyer's life.

"I believe Beasley and Patterson were prepared to silence Mrs. Moyer's lips for ever," Cunningham said.

Patterson who escaped when Beasley and Mrs. Moyer were captured was believed to be in hiding in Chicago today.

KIWANIANS BACK CASTLE

CONNEERSVILLE, Ind., Sept. 6.—Candidates of R. W. Castle, president of the Connersville Kiwanis club, for lieutenant governor of the sixth division of the Indiana district of Kiwanis, is attracting much interest. The local club is making an active campaign in his behalf and encouraging reports have been received from over the state.

R. W. CASTLE

Active in the work of the local club for several years, Mr. Castle is widely known. He has the distinction of having never missed a meeting during a period of three years. The local club, regarded as one of the most active in the state, has never been represented on the state board and supporters of Mr. Castle point out that the club has merited recognition. The election will be held at the annual district meeting at Madison Sept. 11 to 13.

RHEUMATISM AND KIDNEY TROUBLE ENDED BY KONJOLA

New Medicine Brings Quick And Amazing Relief To Richmond Citizen.

MR. ROBERT SALVER

"Never in my life have I given a recommendation for a medicine," says Mr. Robert Salver, R. R. No. 8, Richmond, Ind., "but I certainly want every sufferer from rheumatism, neuritis, and stomach trouble to know what Konjola has done for me."

"The joints in my body had swollen to twice their natural size, my pain was constant and intense, and I was able to attend to my work only about half-time. Then, too, neuritis set in, adding to my suffering. My stomach was so bad that I could not retain anything, and a kidney complication caused me to leave my bed many times nightly. I had tried everything, but without benefit. I read about Konjola, and what it was doing for others, and decided to give this new compound a trial."

"Imagine my happiness and surprise when the rheumatism and neuritis pains abated. Next my stomach and kidneys were put in normal condition, and after a brief treatment I was a eager to endorse. No wonder I am eager to endorse Konjola. I shall never suffer from Konjola, and hope every sufferer in the land profits by my wonderful experience."

Konjola is sold in Greencastle, Ind., at the Owl drug store, and by all the best druggists in all towns throughout this entire section.

AutoStrop Safety Razor Company, Inc., 656 First Ave., New York City

AFTER one shave even the finest razor edge has countless needle-like prongs until it has been stropped.

So delicate is this cutting edge that even paper wrappings tend to turn and dull it. Nothing but stropping can re-align and smooth out these tooth-like points.

That is why barbers always strop before each shave. And that is why the new Valet AutoStrop Razor assures you a perfect shaving edge.

The new Valet AutoStrop Razor is not "just another razor." It embodies a radically different principle . . . the result of 21 years of research and the expenditure of a million dollars in experiments.

Self-adjusting, it instantly conforms to the face and cuts smoothly and easily through the stiffest stubble. With the new and keener Valetite-processed blade, it is truly a wonder razor.

Press a button to insert or remove the blade instantly. When the holder is locked the blade is held in a firm, non-flexible grip that prevents all vibration and pull. New type guard gives you the advantage of the full cutting edge.

Countless men have told us that the new Valet AutoStrop Razor is even better than the original.

Try this Million Dollar Razor. Give it a fair test. You will quickly learn to like it. Be fair to yourself—kind to your face.

HOME COMING AT FIRE SOLUTION LOCAL CHURCH

Next Sunday will be observed as Home Coming Day at the First Christian Church in Greencastle. An effort is being made to have the attendance up to normal in every department in the Bible School and a large representation of the membership present at the morning Church service at 10:40 a. m. Mr. Bruner will speak at this hour on the subject, "The Lordship of Jesus."

At the 7:30 service, which will be the first regular Sunday evening for the fall and winter, Dr. W. R. Hutcheson will give an illustrated talk on his trip around the world. Dr. Hutcheson will not show the same pictures which were shown at the Union services a few weeks ago. The pictures Sunday evening will be on India and Burma.

NEGROES HAVE \$16,000 LOOT

INDIANAPOLIS, Sept. 7.—(INS)—As the result of an anonymous letter to Chief of Police Claude Worley, four negroes were in custody today on robbery charges and stolen merchandise valued at \$16,000 was in the hands of the police for return to victimized merchants.

The negroes seized in the raid on the gang's headquarters in the nine hundredth block, Edgemont Avenue, gave their names as follows: Harold Newbolt, 30; Walter Davis, 16; Herbert Johnson, 31, and Willard Newbolt, 23.

GRAND JURY CLEARS NEGRO

BELLEFONTAINE, O., Sept. 7.—(INS)—Walter Warwick, 70, negro laborer, today had been freed of charges in connection with the death on Aug. 29 of M. E. Russell, 40, formerly of New Palestine, Ind., the Logan County Grand Jury ignored four counts placed against the man indicating that it believed Warwick's story of self-defense.

Russell died of injuries inflicted by a barrel stove wielded by Warwick when the former threatened the negro. Russell was said to have been intoxicated at time and threatened Warwick during an altercation as to the whereabouts of Russell's estranged wife.

1 KILLED, 4 HURT IN PLANE CRASH

ROCKFORD, Ill., Sept. 6.—M. E. Headley, pilot of the monoplane of the Packard Electric Company, Warren, O., was killed when the plane dived into Rock river, near here. Three others were injured.

N. A. Wolcott, president of the Packard Electric Company, and B. N. MacGregor, his sales manager, at first reported killed, were later discovered not to have been in the ship when it crashed.

The injured are: Richard Ives, Rockford, skull fractured, internal injuries, left leg broken; probably will die.

Horace H. Tuck, Rockford, badly bruised, but will live.

Dean Pringley, Rockford, shocked but otherwise unharmed.

OTIS R. MATTHEWS WINS FIRST WITH POLICE DOG

For the fifth consecutive year, Otis R. Matthews, owner of the Certified Farms, at Putnamville, has won first place on his Trained Police Dog at the State Fair dog show. The winner this year was Frost von Merelden, an aged police dog.

Although he has won first place each year for the past five years, Mr. Matthews has not shown the same dog any two years, a different dog being shown each year. Considering this fact, the honor is a signal one.

GEORGE BEEMER REPORTED TO BE IN CRITICAL CONDITION

George Beemer, son of Mr. and Mrs. W. A. Beemer of this city, who was taken to the Putnam County Hospital for an operation, Thursday, is reported to be in a critical condition. Dr. Thomas Noble, surgeon, of Indianapolis, who operated, found conditions so much worse than had been anticipated that the proposed operation was not performed. Reports are that the conditions found by the surgeon are of such a serious nature that there is little hope for saving the life of the young man.

Following his graduation from DePauw University and marriage, Mr. Beemer has been employed by an Indianapolis plumbing establishment. Prior to the proposed operation his trouble was not considered as serious.

INDIANAPOLIS, Sept. 7.—(INS)—The solution of the mysterious \$100,000 explosion and fire which wrecked the Traugott Clothing Store here on August 26 and seriously burned Harold Libowitz, 22, was believed today following an important conference here this forenoon between Prosecutor William H. Remy, George L. Pugh, of the National Board of Fire Underwriters, Deputy State Fire Marshal Harry E. Gates and Chief of Detectives Jerry E. Kinney.

Pugh has just returned from Pittsburgh and New York where he went to check up on the stories of Edward Traugott, one of the owners of the store, and Paul Scharffin, attorney. These two men had stated they had left Indianapolis hours before the blast and that Scharffin received a broken shoulder in an automobile accident in Pennsylvania, while hurrying back here upon receipt of word of the explosion and fire.

Libowitz was still at the city hospital today with his bond fixed at \$25,000. Meanwhile Homer Wright, alleged gangster of St. Louis, first held in connection with the probe of the machine gunning to death of Edward Eckerle, of St. Louis, at Clinton, Ind., recently, and later investigated in connection with the Traugott explosion and fire, was remanded to the county jail by Judge James A. Collins.

The new truck for the city fire department, purchased of the General Manufacturing Company of St. Louis some time ago, will be delivered about September 16, according to Fire Chief John Goddard. Mr. Goddard, who was in St. Louis this week, said the big vehicle was in the paint shop at that time. Delivery of the truck will give Greencastle the best in fire-fighting equipment.

reports here Friday.

Although it has been rumored for some time that the couple were engaged they stole a march on their friends by stealing away to Indianapolis Thursday and securing a marriage license.

Records of the Marion County clerk show that the couple gave Indianapolis addresses in securing their license. Mr. Grimes gave his address as 3927 North Meridian and Mrs. McAttee as 1737 Roosevelt.

Efforts to confirm the report that the couple were married Thursday failed here Friday. The only evidence was the marriage license secured in Indianapolis. A telephone call to the Grimes' residence on east Seminary street revealed the information that Mr. Grimes was out of town and would not return for several days.

Mrs. McAttee is a daughter of Mrs. William Price, who resides northeast of Greencastle. She has been employed as an operator at the Greencastle Telephone Company exchange for several years. Mr. Grimes formerly was deputy County Sheriff and is now an electrician. He was nominated for Sheriff on the Republican ticket at the spring primary.

SEVERAL HUNDRED ATTEND FUNERAL MISS GARDNER

Several hundred friends and relatives attended the funeral services held for Margaret Gardner, eighteen year old daughter of Mr. and Mrs. Warren Gardner, which were held on Thursday morning at the St. Bernard Catholic church in this city.

The body was brought here from the home at Russellville Thursday morning. The funeral mass was conducted by the Rev. William D. Sullivan of this city. Following the service here the body was taken to the Russellville cemetery for burial. The funeral was one of the largest held in this city for some time.

Miss Gardner, who was one of the best known and most popular girls in the Russellville community, died suddenly Tuesday morning after an illness of only a few days.

The father, Warren Gardner, is so seriously ill that he was unable to attend the funeral.—Crawfordsville Journal.

RUSSELLVILLE GIRL WINNER

Margaret Jean Bain, age 13, of Russellville is now the proud possessor of a first prize from the Indiana State Fair. The award was given for a canning collection displayed this week. Eleven cans of fruit and vegetables canned by Miss Bain brought the blue ribbon premium to the Russellville girl.

RUTH ELDER SAYS HUSBAND THREATENED HER

DOUBLE SPECTRE OF DEATH HUNG OVER HER. SHE ASSETS IN STATEMENT AT LOS ANGELES

WILL NOT CONTEST DIVORCE

Charges Failure of Flight To Lyle Womack—Threatened To Kill Her And Companions Charge

LOS ANGELES, Sept. 7.—(INS)—When Ruth Elder began her airplane flight to Europe—one that ended in mid-ocean—a double spectre of death was hovering over her, she declared here today.

One obviously enough, was death at sea, in the event of a disastrous crash; the other, she asserted, was at the hands of her husband, Lyle Womack, who threatened to kill her if she did not agree to give up the flight.

This startling assertion was made by the famous aviatrix as the aftermath of reported divorce proceedings instituted by Womack, now at Balboa, Canal Zone.

Her husband, she said, threatened her life in New York. "George Haldeman and two others interested in the flight were discussing plans in my suite on this night," she asserted. "Suddenly Lyle stalked into the room and asked to talk with me privately. We went into another apartment."

"He began to abuse me. He was making so much noise that I went to ward the door to close the transom. He threw me on the bed and placed his hand on my throat. He said: 'I'll kill you and Haldeman and I'll kill those others up there if you won't agree to give up the flight.'"

Miss Elder said she finally managed to get to the telephone and call Haldeman and his companion. They came to the apartment and finally quieted her husband, she asserted.

Miss Elder said that her husband was more than agreeable that she make the flight at first.

"But," she continued, "after he received an anonymous letter, which threatened him with beatings if he allowed me to go, his whole attitude changed."

Miss Elder also placed the blame of the failure of the flight on her husband.

"During those days of perfect flying weather just prior to our take off," she asserted, "he was haunting me with his threats. We tried to take off without his knowing about it, but he would always pop up at the wrong time. That is why we made so many false starts. If we had been able to get away during those three days I know we would have landed in France."

Miss Elder said she had not made any definite plans but asserted she felt at this time she would not contest her husband's suit.

\$100,000 DAMAGE IN TRAIN WRECK

MT. VERNON, Ind., Sept. 7.—(INS)—Eleven box cars including a gasoline tank car containing 10,000 gallons of gasoline, plunged off a Louisville & Nashville Railroad trestle six miles west of here into Big Creek and the wreckage caught fire.

The wreckage burned most of the night causing a total loss estimated at \$100,000. No one was injured as far as was known.

The eleven cars were in the middle of a freight train when one got derailed and caused the wreck and the subsequent destruction of the trestle. Railroad officials said it would be several days before traffic would be restored.

WOULD BAR BASKETBALL DURING SCHOOL WEEK

INDIANAPOLIS, Sept. 7.—(INS)—Assailing the encroachment of high school athletics upon studies, members of the State board of education took steps today to tighten the enforcement of regulations governing the holding of contests between Indiana high school teams.

The board voted to put the matter of strict enforcement of present rules squarely up to the Indiana High School Athletic Association for the period of one year. The Association would be charged with responsibility for preventing the holding of any football, basketball and other athletic contests during the school week and also the staging of any game on Friday that would necessitate members of the competing teams and rosters to miss any Friday classes.

The board exempted the annual sectional, regional and final basketball tournaments from this rule.

The board also voted to recommend to the Association the employment of a State supervisor of high school athletics.

SCHOOL BOY PATROLS ARE FOR YOUR PROTECTION

Respect and responsibility are two fundamental lessons which must be learned in childhood—or else. These are the two lessons which our present day menace—"The Brainless Driver"—did not learn. Let the lad learn respect for his fellows and his responsibility to them and he may be depended upon in all his future relations with his fellows.

The Boy Patrol takes pride in his responsibility and he sincerely respects the confidence that his elders have placed in him. The dignity of the Sam Brown belt uniform together with the pleasant protectiveness of the patrol arouses admiration in the children, and in the "Brainless

Driver" the cringing fear of public ostracism. More powerful than the law is the condemnation of little children.

After last year's experience in the schools throughout the state the Accident Prevention Department of the Hoosier State Automobile Association is approaching this school year with the consciousness that the public is properly aroused to the need of the School Boy Patrol and through the assistance of the State Superintendent of Public Instruction and local school authorities, and the various luncheon clubs, this worth while piece of work is to continue.

AIRPLANE MOTOR TO RUN ON AIR SOON MARKETING

DAVID M. SHOUP SAYS LACK OF CORRESPONDENCE AND TRANSPORTATION PROBLEMS OF CHINESE—SPENT ELEVEN MONTHS IN ORIENT

By International News Service
PONCA CITY, Okla., Sept. 7.—A new airplane engine to be run on air, steam or both, will be manufactured here within a short time.

The engine is designed by George Lauver, and will be built by an air corporation composed of stockholders from various cities of this vicinity.

The inventor has visions of building the engine which will revolutionize the entire airplane industry. Castings for the engine have arrived from Wichita and work will be begun on the model as soon as machinery is installed in the temporary factory here. It will take four months to build the model, Lauver estimates.

Like Steam Engine
The engine will be constructed with all of the technical points pertaining to a steam engine. However, the first tryout will be with air, since to build a ship which will run successfully on compressed air is Lauver's ambition.

In addition to the specially designed engine these will be two separate units which combine to make up the whole of the driving powers. They are a fin wheel and the air compressor.

The engine, of a circular type, embodies leverage to great advantage and may be built any circumference desired. The castings for the engine will be 36 inches in diameter. It is to be of slow speed construction with the propeller shaft geared three to one, or three times the speed of the engine.

By using an air compressor of the compound principle in connection with the power of leverage from the fin wheel, located in direct line with the air stream or propeller blast, Lauver is confident he will succeed in the experiment.

Nine Pistons
The engine, carrying nine pistons of small dimensions will revolve as does a turbine, in its great circular cylinder. Such an engine carrying 100 pounds of air or steam pressure, which is exerted on the outer circumference of the engine rim, would equal 700 pounds on the engine shaft. It will be a powerful motor equal to a Q. X., which is 90 horsepower.

Unlike other motors in use in aviation today, the Lauver engine will lack the usual working parts, such as piston pins and connecting rods, which will wear and rattle. It has no gasoline lines to break and has all straight shaftings which run on ball-bearings throughout.

To operate it by air, Lauver proposes to harness the propeller blast by means of fin wheels.

METHODIST MEN PLAN ASSEMBLY DECEMBER 4-5

NATIONAL LEADERS INCLUDING MEN PROMINENT IN ACTIVITIES OF DEPAUW INVITED TO SPEAK AT INDIANAPOLIS CONVENTION

INDIANAPOLIS, Sept. 7.—A group of leading Methodist clergymen and laymen of Indianapolis and Indiana met at noon yesterday at the Chamber of Commerce to lay plans for a mammoth convention of men representing every Methodist Episcopal church in Indiana and southern Illinois to be held Dec. 4 and 5 in Cade Tabernacle. The convention will bring to Indianapolis more than three thousand men who will study ways of organizing themselves for promotion of church activities such as boys' work, evangelism, law enforcement and stewardship.

It was decided yesterday to invite the following national leaders to speak at the convention, Senator William E. Borah of Idaho; Dr. Harry Emerson Fosdick, Dr. Daniel A. Poling, Dr. Charles Edward Jefferson, all prominent clergymen of New York; Raymond Robins of Chicago, social economist; president G. Bromley Oxnam of DePauw University; Dr. William S. Bovard of Chicago, corresponding secretary of the board of education of the Methodist church; Bishop Edwin Holt Hughes of Chicago and Bishop Frances J. McConnell of Pittsburgh, Pa., both past presidents of DePauw University; Dr. Merton Stacher Rice of Detroit, Mich.; Edward Alfred Steiner of Grinnell, Ia., sociologist and Henry J. Allen, former Governor of Kansas.

To "Harness Manpower"
Dr. Bert Edward Smith of Chicago, general secretary of the men's work department of Methodism, attended the meeting and assisted in making the tentative program. Dr. Smith, in explaining the purpose of the December convention, said it was an "endeavor to masculinize religion." He pointed out that already the women's organizations of the church are made responsible for too much of the church work and the men, through lack of organization, do not take part. The convention hopes "to harness the manpower of the church," he explained.

The meeting was attended by district superintendents, presidents of laymen's associations in Indiana and about twenty local laymen and preachers.

This will be the first gathering of its kind ever held in Indiana and is an outgrowth of the General Conference of the Methodist church held in 1924 in Springfield, Mass. At that time a church-wide movement was inaugurated to enlist men in work of the denomination. At the first meeting a total of 2,500 men from forty-five states and nineteen foreign countries attended. Since that time there

TWENTY-MILE DETOUR SOUTH OF BLOOMINGTON

INDIANAPOLIS, Sept. 7.—(Special)—To permit the grading contractor to cross old Road 37 at three places between Bloomington and Bedford as he prepares the new roadbed preparatory to paving, a detour has gone into force from a point 4 miles south of Bloomington, returning to the old road at Bedford. This detour is described in the state highway commission's traffic bulletin issued today as 22 miles long, has many sharp turns, steep grades and narrow bridges. Surface is in good shape but detour should be driven with care. In a few weeks the contractor will have crossed the old route and traffic will again use the regular state road between Bloomington and Bedford.

The bulletin this week points to the lifting of several detours and run-arounds as new bridges go into use and sections of pavement built this summer are opened to traffic. Several short detours have been added on roads of the "black-face" type where they are being treated to go into the winter. These detours as a rule are only in force for a day or so and are changed as the work progresses.

MUNCIE, Ind., Sept. 6.—Charles (Blinkey) Beasley, 34 years old, of Terre Haute, was named today by Mrs. Irene Moyer, 24, also of Terre Haute as the slayer of Mrs. Myrtle Miller, 34, of Muncie, whose body was found along a road three miles northwest of Newcastle last Saturday morning.

The Terre Haute girl, who is a police character, enlarged on the statement she signed for Muncie detectives last night and admitted that she was present in the automobile when Beasley struck Mrs. Miller the first blow. Beasley wanted her diamonds, she said.

Beasley, who was arrested with Mrs. Moyer when Detective Webb Cunningham of Muncie and Terre Haute policemen raided the Moyer home last Monday night, was being questioned tonight by detective Chief William H. Everson and Detective Cunningham. It is the first time that he has been openly accused of the murder. Prior to the time Beasley was brought from the county jail to tonight the detectives said there was little likelihood of him making ad-

missions of any consequence. Revising the statement made to the detectives last night Mrs. Moyer said that she was riding in the front seat of the automobile with Homer Patterson, also of Terre Haute, when Beasley struck Mrs. Miller. They were then ordered from the car, she said, but she later heard Mrs. Miller's death screams.

Patterson escaped from a Terre Haute detective when the Moyer home was raided. At the time he was wanted by the police here in connection with the murder but now he is wanted only to corroborate the story as told by Mrs. Moyer.

A seven-eighths carat diamond worn by Mrs. Miller inspired the killing according to Mrs. Moyer, who told the detectives today that she had heard Beasley express his intention to get the ring. Jewelry valued at about \$400 and including two diamond rings, a wrist watch and diamond earrings was missing when the body was found.

HOOSIER GIRL STAR MARATHON CHAMP, IN SWIM ROMANCE

TERRE HAUTE, Ind., Sept. 6.—News of the engagement of Miss Jewel Cheatwood of this city to the famous George Young, winner of the Catalina channel swimming marathon last year, reached Terre Haute today.

Miss Cheatwood, her mother, Mrs. Bertha Cheatwood, and a sister, Billie, have been in Toronto, Ont., for the last several weeks. The engagement came as a surprise as Miss Cheatwood, who has been attending the Indiana State Normal school here, was planning a career for herself in the field of athletics.

She swam in the marathon at Toronto both last year and this year. Last year she made an endurance record which was considered so meritorious by the judges that she was awarded a medal for her work, even though she was not classified with the winners. Numerous swimming coaches have predicted a future for Miss Cheatwood as a swimmer.

For several years Miss Cheatwood's swimming prowess has been attracting local attention. This summer, prior to going to Toronto, she directed the swimming at a girl's camp near Cincinnati, O. The young woman was known also through her dancing ability. She has appeared in a number of the Ernestine Myers revues.

THE THEATERS

THE GRANADA
Tom Mix Triumphs In
Fine Western Photodrama
Again Tom Mix scores triumphantly in a fine western drama, "The Arizona Wildcat," which has its local premiere at the Granada Theatre today. In this latest Fox Films release, Tom and his horse Tony have an unusually good story in which to display their talents. It was written especially for them by Adela Rogers St. Johns, well known author of best selling fiction.

It is a thrilling romance, crammed with adventure, and deals with a gang of Eastern crooks who are West selling fake bonds. An eastern society girl played by Dorothy Semantian is the reason why Tom suddenly becomes enamored of Polo and plays the game which leads to the final smashing scenes which include riding Tony up flights of stairs to the roof of a building in which the girl is held prisoner.

THE VONCASTLE
Tim McCoy Doffs
His Blue Uniform
For the first time since he started his career at the Metro-Goldwyn-Mayer studios, Tim McCoy doffed for a picture his blue uniform of a United States cavalryman and donned the chaps of a cowboy for his last picture "The Law of the Range," which comes to the Voncastle Theatre Saturday.

McCoy plays the role of a dashing peace officer of the '80's in the days when the bad man roamed the plains of Texas and justice was on the side of the man who pulled the trigger first. Opposite McCoy in his characterization of the Texas Ranger is Joan Crawford, who is playing her first western role as McCoy's sweetheart.
